ICT and Computer Science Fair – 17th January

Wow, our fourth annual careers fair saw 15 exhibitors in the hall giving advice to students about post-16 options in digital careers. These next steps included information about apprenticeships, to further education and jobs in Worcestershire and beyond. Students really enjoyed the event and there was a real buzz to it which was lovely to see. Many thanks to all our exhibitors: Borwell IT Services, the Cyber Discovery team, Qinetiq, Hereford and Worcester Group training, RGS, Worcestershire apprenticeships, OGL, Flywheel, Worcester Sixth Form, Heart of Worcestershire College, LMPQ, Payara, Royal Air Force and TDM Wyre Academy. Many thanks also to the Mayor Worcester Jabba Riaz who also attended.

Mr. Nicholls
Head of ICT
