Dear Year 6 Student,

We have been at this College for nearly a year now so we thought we would write you a letter to help you settle in.

We love our College and one of the best things about it is that there are lots of students so you can make many new friends.

The College has lots of amazing sports facilities such as the Sports Hall, the Multi-Use Games Area (MUGA) tennis courts, multi-Gym and massive playing fields. There are lots of clubs running every lunch time and after College as well as many inter-form competitions, so make sure you join in.

The Modern Foreign Language lessons are really enjoyable, and we know you will really have a good time learning new vocabulary.

There are lots of brilliant teachers at the school, they are very helpful and kind.

If you are interested in Music there are lots of instruments that you can learn to play, like the piano, guitar, and drums. If you are really keen you can have lessons, so book now! The ICT facilities are incredible. You can go on the Internet and surf for free! You get your own personal password so you can log on to any computer in the school.

There is a vast amount of opportunities for you at this college so make sure you get involved!

Good luck, we know you are going to love it.
