

**Summer Bridging Work**

**Subject: Computing**

**Year: 8 into 9**

Topic to be taught in September: E-Safety and Creative iMedia

Suggested background reading that will help then to understand the context of the topic to be studied:

[www.thinkuknow.co.uk/11\\_13/](http://www.thinkuknow.co.uk/11_13/)

Seven stages of film production:

[www.futurelearn.com/courses/film-production](http://www.futurelearn.com/courses/film-production)

Relevant films/videos to watch: Any Pixar film including their latest 'Luca'

Activity to undertake:

- 1) Create a short trailer for a favourite film/book/game. Plenty of online video makers such as clipchamp or vimeo (try for free).
- 2) Manipulate images in Photopea for a specific purpose and audience (free online software) – use layers, clone tool, blur, smudge.
- 3) Try the film production course at Future Learn (link above)
