

Summer Bridging Work

Subject: Design & Technology – (GCSE – EDUQAS) 9-1

Year: Yr 11

Topic/Title: NEA – Coursework investigation and research

Suggested background reading:

Eduqas NEA Guidance document – *Concentrate on section (a) Identifying and investigating design possibilities.*

- https://resource.download.wjec.co.uk/vtc/2016-17/16-17_1-4/website/media/eduqas-nea.pdf

Complete the following pages as discussed in our **Google Classroom**.

- **Analysis of Contexts** – To do this complete the mind maps started earlier this term – Think about breaking the context down -
- **Identify a range of *design opportunities*** – These can be included in the analysis of the context page above.
- **Choose a target group** to aim your product at - Describe your chosen target group / user / customer – **Identify their needs, wants and desires.**
- **Identify a product similar to the one you aim to make.** Then **evaluate** it using the provided questions in our Google Classroom.

Relevant films/videos to watch:

Use the **BBC Bitesize website** below and watch the video clip about what a Design Brief and Specification are – This is what we will be focusing on when we return in September.

- BBC Bitesize:
