

Year 7 science

- Students will sit 3 separate science papers (biology , chemistry , physics).
- The total mark for these separate papers is 50.
- time allowed: 50 minutes to complete all 3 papers

Areas to revise:

1) Biology

B1- plant and animal cells

Use your book and fact sheet B1

[What are cells? Animal and plant cells - KS3 Biology - BBC Bitesize - BBC Bitesize](#)

B2- Reproduction

Use your book and the fact sheet B2

[Reproduction - KS3 Biology - BBC Bitesize](#)

2) Chemistry

C1 - acids and indicators

Use your book and fact sheet C1

[Acids and alkalis - KS3 Chemistry - BBC Bitesize](#)

C2- pure and impure substances

Use your book and fact sheet C2

[Pure and impure substances - KS3 Chemistry - BBC Bitesize](#)

3) Physics

P1- energy stores and transfers

Use your book and fact sheet p1

[Energy stores - Energy - KS3 Physics - BBC Bitesize - BBC Bitesize](#)

P2- forces and space

Use your book and fact sheet p2

[Force diagrams and resultant forces - Forces and movement - KS3 Physics - BBC Bitesize - BBC Bitesize](#)

[Weight and mass - Forces and movement - KS3 Physics - BBC Bitesize - BBC Bitesize](#)
